Profile

7+ years experience in many different projects, starting from sales/account management, implementation online booking tools to managing people.

I am a self-taught Frontend Developer. My technology stack is HTML5, CSS3 (SCSS), JavaScript(ES6), Git/GitHub, npm, Webpack, and the BEM methodology. I keep developing my skills.

You are more than welcome to visit my portfolio webpage following the link https://iloush.github.io/irina_loushkina_cv/
